

EUREOS Scientific EoE Symposium 2024

Sunday, October 13, 2024 | 5.30 – 7.00 pm CET | Vienna

DEAR EUREOS MEMBER,

As EUREOS President, I'm pleased to invite you to the EUREOS Scientific EoE Symposium 2024, which will take place on October 13, 2024, in Vienna.

With this EoE Symposium we aim at delivering state-of-the-art knowledge on eosinophilic esophagitis. It will take place following to our Annual General Assembly.

We conclude with a reception and informal dinner open to all our members and corporate members, which will allow us to further discuss these topics in a friendly atmosphere.

The symposium is held as on-site educational event; for those preferring to participate from the comfort of their homes, we also welcome virtual participation.

We are looking forward to an interesting and lively exchange with you in Vienna!

Kind regards,

Alfredo Lucendo
